3. Aims

All applications for admissions must be sent to Norfolk County Council, this includes transfer from Primary to Secondary School and In Year Admissions. The Headteacher and the governors will support the county policy and co-operate with staff of the Department in making practical arrangements. Governors reserve the right to challenge the decision of the Department with regard to individual student cases.

4. Transition from Primary to Secondary

For transition from Primary to Secondary School, Norfolk County Council Admissions Team will write to all parents of children in their last year in Norfolk Primary / Junior School with information about the transfer process and asking which school their child would like to go to. More information about this process and how to apply can be found on the Norfolk County Council website.

At North Walsham High School we have a full transition programme for all students granted places during Primary to Secondary transfer (Year 6 – Year 7). A school- based procedure of introduction, induction and settling-in will be followed, in collaboration with the cluster and feeder schools.

The admission limit for each year group is set at 175 students.

5. In Year Admissions

For In Year Admissions, all parents must fill in a Secondary In Year Application Form. Copies of the form can be obtained from the admissions team at Norfolk County Council or by contacting the school. The form should be returned to the admissions team at Norfolk County Council.

If a parents request for one of their preferred schools is refused parents have the right to appeal to an independent appeal panel. Appeals are heard by schools admissions appeals panels, which are independent of the admissions authority.

7. Further information about the appeal process

- If a preference is refused, information about how to appeal will be sent to parents with their refusal letter.
- Parents will be told at least 14 days in advance when and where the appeal will be heard.
